

Internet built for business with built-in 5G backup at no extra cost*

Fast. Secure. Straightforward plans.

Built for the speed of business

- Uploads as fast as downloads¹
- Consistently fast speed, even at peak times²

Reliability you can count on

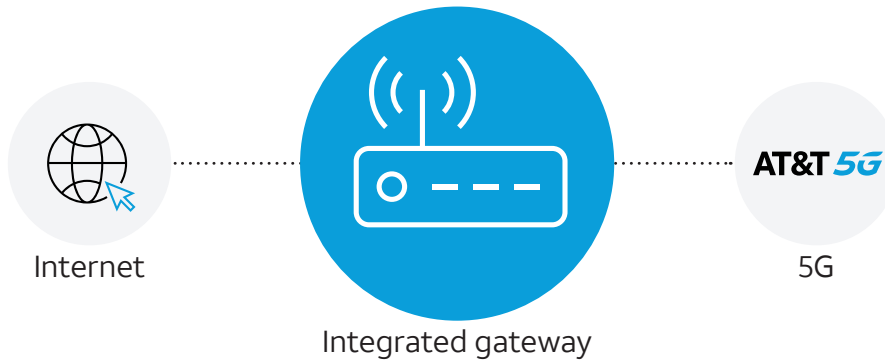

- 99% reliability³
- Wireless backup in the event of a network failure*

Simple and straightforward

- No data caps, no equipment fees, and no annual contract
- Convenient, single-box solution with built-in 5G backup

Converged networking—wireless and wireline built to work together.

Setting a new standard for reliable connectivity

Customers who purchase AT&T Business Fiber 1 Gbps or higher will get the new converged device with wireless backup included at no extra cost. This router is the first converged device in the market—providing fiber internet connectivity and a 5G network connection.

Plus, fast and free installation in as little as 3 business days.⁴

Why AT&T Business?

See how ultra-fast, reliable fiber and 5G connectivity protected by built-in security give you a new level of confidence in the possibilities of your network. Let our experts work with you to solve your challenges and accelerate outcomes. Your business deserves the AT&T Business difference—a new standard for networking.

Contact your AT&T Business representative or learn more about [AT&T Business Fiber](#).
